2007 Food Technology Subject and Author Indexes

Advancing Food & Health Through Sound Science

Vol. 61, 2007 [Issue number appears in parentheses, followed by page number.]

SUBJECT INDEX

Annual Indexes
author index (12)101
subject index (12)98

Awards
food scientist wins World Food Prize (7)59
IFT honors achievement award winners & Fellows (10)42
IFT honors innovation on Expo floor (9)67

Beverages
getting specific with functional beverages (12)24
overcoming challenges in functional beverages (3)20

Books
(2)78, (7)112, (10)87, (11)77

Calls
call for abstracts deadline approaches (11)75
call for abstracts for 2008 IFT Annual Meeting (10)84
call for awards & Fellow nominations (10)84, (11)75
call for proposals for IFT conference (8)91
call for scholarships (10)84, (11)76, (12)95

Canning
more light on the dawn of canning (5)40

Careers
article on food science programs updated (7)110
challenges to food science in the U.S. (3)38
promoting food science in the high school classroom (1)30

Chewing Gum
understanding the science behind chewing gum (9)22

Consumer Trends
(see also Consumer Trends column)
changing face of organic consumers (11)22
converting demographics into dollars (7)26
dinner preparation in the U.S. (12)38
globalization of food preferences (2)32
great ideas from around the world (10)20
helping consumers eat less (5)34
how generations view convenience (12)32
market trends: the experts speak out (9)59)
supermarkets take a 'fresh' approach (3)28
top 10 food trends (4)22

Consumer Trends column
crossover cuisine (5)19
flavor forecast: exotic combinations reign (2)19
new shades of green (12)16
party time (6)19
phytofarming (8)15

Convenience
dinner preparation in the U.S. (12)38
how generations view convenience (12)32

Corrections
(5)76, (7)110, (9)8, (11)6

Death Notices
Yaacov J. Aronowicz, Paul L. Beach, Robert E. Horrobin, William Horwitz, Willis V. Huth, David Kritchevsky, Boris Miller, H. Karl Robe (1)65

Directories
2007 IFT services directory (3)73
2008 healthful foods directory (12)46

Education
article on food science programs updated (7)110
challenges to food science in the U.S. (3)38
promoting food science in the high school classroom (1)30

Events
(1)20, (2)22, (3)18, (4)20, (5)22, (6)22, (7)24, (8)20, (9)20, (10)18, (11)20, (12)22

Fats & Oils
oil options for deep-fat frying (7)46
ultrasonic spectroscopy in lipid food systems (2)40

Features
analyze this and that (9)104
analyzing nanotechnology (1)34
breakfast foods and satiety (2)24
challenges to food science in the U.S. (3)38
changing face of organic consumers (11)22
consortium researches novel processing methods (11)34
converting demographics into dollars (7)26
dinner preparation in the U.S. (12)38
flavor delivery and product development (1)22
food packaging and its environmental impact (4)46
food scientist wins World Food Prize (7)59
forum helps shape IFT's future (6)24
getting specific with functional beverages (12)24
globalization of food preferences (2)32
GRAS flavoring substances 23 (8)22
great ideas from around the world (10)20
helping consumers eat less (5)34
how generations view convenience (12)32
IFT honors achievement award winners & Fellows (10)42
IFT honors innovation on expo floor (9)67
IFT: the greatest food show on earth (9)30
innovation supreme (6)28
international conference focuses on food defense (9)125
international food nanoscience conference (9)121
market trends: the experts speak out (9)59
maximizing the nutritional value of fruits and vegetables (4)40
more light on the dawn of canning (5)40
moving forward with nutrigenomics (8)50
navigating the processed meats labeling maze (11)28
new thought for food (10)34
oil options for deep-fat frying (7)46
overcoming challenges in functional beverages (3)20
promoting food science in the high school classroom (1)30
regulatory status of alternative sweeteners (5)24
supermarkets take a 'fresh' approach (3)28
top 10 food trends (4)22
ultrasonic spectroscopy in lipid food systems (2)40
understanding the science behind chewing gum (9)22

Flavors
flavor delivery and product development (1)22
GRAS flavoring substances 23 (8)22, correction (9)8

Food Defense
international conference focuses on food defense (9)125

IFT Annual Meeting & Food Expo
ADM highlights role of growers and food manufacturers in food safety (9)43
analyze this and that (9)104
Annual Meeting scientific program (6)147
call for abstracts deadline approaches (11)75
call for abstracts for 2008 IFT Annual Meeting (10)84
carrying the torch for IFT (6)41
chefs and food scientists team up (9)54
developments offer new functionalities (9)84
division competition winners (9)56, correction (11)6
Food Expo exhibitors (6)143
funding food science research (9)32
IFT honors achievement award winners & Fellows (10)42
IFT honors innovation on Expo floor (9)67
IFT: the greatest food show on earth (9)30
innovation supreme (6)28
international conference focuses on food defense (9)125
international food nanoscience conference (9)121
join the top minds in the food world (4)52
late-breaking session addresses global ingredient safety (9)36
market experts to discuss trends (4)87
market trends: the experts speak out (9)59
plan to attend IFT in Chicago (2)75
register now for IFT in Chicago (3)109
safety, lab & services: tools to ensure food safety (6)121
senior food officials discuss decision making (9)38
shapes of things to come (9)71

IFT Newsmakers column
E. coli outbreaks and functional foods cap a busy year (1)67
food safety science insight from IFT members (12)97
IFT affects the news (4)88
IFT delivers the news—from Chicago to the world (9)132
keeping pace in 2007 (2)80
news flows from IFT's main event (11)78
what is news? (5)78
word of the World Food Prize laureate travels the globe (7)115

IFT World column
'Food Technology Presents' conference offers insights to healthful foods (12)96
AACC elects Camire, Olewnik (7)110
article on food science programs updated (7)110
Barbosa-Canovas elected IFST Fellow (8)92
Boor appointed chair at cornell (11)75
Brody presents packaging lecture (4)87
Brooks joins advisory committee (8)91
call for abstracts deadline approaches (11)75
call for abstracts for 2008 IFT Annual Meeting (10)84
call for awards & Fellow nominations (10)84, (11)75
call for proposals for IFT conference (8)91
call for scholarships (10)84, (11)76, (12)95
Carver elected VP of RCA (5)75
Chang wins alumni award (12)95
Cherry retires from usda (11)76
Civille named ASTM fellow (10)84
Clydesdale named to board (12)95
conference focuses on product development (10)84
conference offers insights to R&D (11)75
conferences provide insight into hot topics (5)75
deadline nears for scholarship applications (1)65
death notices received (1)66
Fehr wins research award (8)92
Floros becomes president (9)130
food summit to deliver new applications (9)130, (10)84
Fung wins food safety award (12)95
Hall joins Novazone board (8)92
Hall receives founder's certificate (1)65
Hasler joins Reliv board (7)110
Hlavacek retires, Bowman joins IFT (10)84
IFT debuts Food Expo Innovation Awards (3)110
IFT develops assessment tool (12)95
IFT hosts child obesity webcast (1)65
IFT hosts omega-3 webcast (4)87
IFT hosts webcast (5)75, (6)164, (7)109
IFT leadership election begins march 5 (2)75
IFT members endow professorship (3)110
IFT offers short courses (3)109
IFT recognizes 50-year members (6)164
IFT status summaries to be published in Spanish (7)109
IFT to host webcast (11)76
IFT to host webcast (9)130
IFT to host webcasts (10)84
ISBT honors Kamuf (8)91
JFS adds new sections (12)95
JFS drops page charges for IFT members 76 (2)76
JFS included in Medline (12)95
join the IFT leadership team–run for office (9)130
Labuza presents Tanner lecture (7)109
Larkin receives tung award (5)75
Lawler, Josephson receive alumni awards (1)65
Lawson wins SCIFT section award (7)110
Leveille receives honorary degree (8)92
List wins USB award (10)84
Macy award candidates sought (11)75
Mallangi joins sweet success (3)109
market experts to discuss trends (4)87
Mermelstein elected IFT Fellow (8)91
Metzger, Anand appointed professors (2)76
Min receives AOCS Bailey award (8)92
Piližota elected to HAZU (2)76
plan to attend IFT in Chicago (2)75
PMMI honors harte (2)76
Post promoted to director (12)95
Powers wins Riester-Davis award (11)76
register now for IFT in Chicago (3)109
Sathe receives teaching award (12)95
Schellhaass chosen president-elect (9)130
scholarship fund recognizes Hefle (6)164
section and division volunteers recognized (9)130
Simmons joins cognis (11)75
Sofos wins food safety award (8)92
Surak wins macy award (4)87
360-degree approach to product development (2)75
University of Cincinnati team wins competition (6)164
Vaillancourt joins product dynamics (8)91
Yaniv elected IFTSA president (9)130
your vote counts in the IFT leadership election (3)109

Ingredients
(also see Ingredients column and Flavors)
developments offer new functionalities (9)84
emerging ingredients: good as gold (7)63
regulatory status of alternative sweeteners (5)24
shapes of things to come (9)71 »»

technological advances spur dairy innovation (7)77

Ingredients column
bringing home the bacon (12)66
carrying the torch for IFT (6)41
developments offer new functionalities (9)84
emerging ingredients: good as gold (7)63
flavors enter 'the crossover zone' (10)51
formulators get to the (whole) grain (8)62
mapping out new directions on candy lane (11)41
meeting the acid test (5)47
new toppings rise to the challenge (1)39
problem-solving with dairy (2)47
product launches reflect latest confectionery trends (11)49
savoring the possibilities (4)55
shapes of things to come (9)71
technological advances spur dairy innovation (7)77
time is ripe for these superheroes (3)45

Innovation Awards
IFT honors innovation on Expo floor (9)67

Labeling
helping consumers eat less (5)34
navigating the processed meats labeling maze (11)28

Laboratory
(also see Laboratory column)
analyze this and that (9)104
safety, lab & services: tools to ensure food safety (6)121
ultrasonic spectroscopy in lipid food systems (2)40

Laboratory column
back to basics with moisture analysis (5)66
concentrating on calories (12)86
new worlds of microbiological testing (7)90
reaching new 'peaks' in pesticide analysis (10)74
reshaping food analysis (4)74
sensory evaluation techniques (8)80
software automates nutrition labeling & more (1)54
texture and viscosity measurement (3)62
the search for shelf life solutions (11)66
trans fat to go (2)66

Letters
Clostridium botulinum in canned foods (10)86
ethanol is not the way to go (5)76
more information on e-beam irradiation (1)66
more to rheology (2)78

Meats
navigating the processed meats labeling maze (11)28

Nanotechnology, Nanoscience
analyzing nanotechnology (1)34
case studies on nanotechnologies for food packaging (7)102
international food nanoscience conference (9)121
nanocomposite technology in food packaging (10)80

News column
acquisitions & divestitures (12)12
ADM acquires classic couverture (1)13
ADM sells Arkady (4)12
Altria spins off kraft (3)10
Anheuser-Busch forms joint ventures (4)13
Apio to improve technology (7)12
Barry Callebaut expands business (11)10
beverage unit spun off (11)11
Biorigin, ABAC form partnership (3)13
Blue Pacific chooses sales agent (10)10
blueberries benefit brains (10)10
breaking new ground (9)13
brewers collaborate (11)11
caffeine contents examined (10)10
cancer-killing chile compound (3)10
candyland in Chicago (11)10
Caravan expands ingredient portfolio (5)13
Cargill collaborates (12)10
Cargill markets some *Crisco* oils (4)13
Cargill relaunches line (8)12
center stresses produce safety (5)13
Chr. Hansen focuses on health (10)10
Coca-Cola lists caffeine content (4)14
cocoa solubility studied (2)12
Conagra acquires Alexia Foods (9)12
copper helps brain function (12)11
dairy by-products produce films (7)14
devices aid safety inspectors (4)12
dietary copper helps heart (5)13
DNA data used in R&D (1)12
enzyme receives GRAS status (7)14
FDA addresses cloned animals (2)12
FDA begins pilot program (4)14
FDA, EFSA sign agreement (8)10
FDA issues warning letter (6)12
FDA streamlines regulations (9)13
fermentation key to chocolate taste (7)16
Firmenich acquires Danisco's flavors (6)12
flavor firms form partnership (2)13
flavor-prediction method debuts (1)13
FMI highlights new products (6)13
food processors, CIA collaborate (1)13
Frutarom acquires two companies (8)11
fuel your car, feed your body (8)11
Gadot acquires pharmline (8)11
General Mills seeks innovators (3)11
genetic defect, obesity linked (9)13
Givaudan forms partnerships (5)14
GTC opens specialty oats plant (12)11
gums receive tooth-friendly seal (11)10
H_2O_2 affects tomato quality (12)11
Hain acquires tofu business (7)16
Harris award nominations sought (3)13
health boost for pizza (5)12
initiative taps scientists' expertise (9)13
joint effort celebrates anniversary (6)14
junk food offerings decrease (12)10
Kerry serves organic market (2)12
Kraft bids for biscuits (8)10
Lionel Hitchen opens U.S. office (5)13
low-sugar fruit developed (9)12
LycoRed opens lipid facility (2)14
McDonald's adds to snack line (3)11
MGPI opens tech center (4)13
more-healthful wheat developed (2)13
nanotech center opens (8)11
Nelson receives World Food Prize (11)11
new uses for fish by-products (6)12
nutrition learning tools released (1)12
paper analyzes cocoa research (11)10
patent issued for taste technology (7)14
PCI purchases sensory effects (1)13
potatoes pack nutritional punch (11)12
production capacity increased (10)10
program supports industry leaders (5)12
protecting food naturally (10)10
PSU students win almond innovations contest (7)12
Quest sold to Givaudan (1)12
Red Arrow opens culinary center (3)11
refined-wheat bread preferred (10)10
safety award nominees sought (4)13
salt adhesion on snacks (12)10
saponin extraction improved (7)14
Sara Lee plans new R&D facility (3)11
Silliker acquires Plant Bioactives (8)12
state bolsters food safety standards (3)13
students get a 'taste' of food R&D (8)10
Symrise to open citrus center (5)14
taste receptor detects off-flavors (9)12
Tate & Lyle forms subsidiary (2)14
test improves juice safety (6)13
Unilever, Perdigão sign joint venture (8)12
USDA awards food safety grants (12)12
USDA updates database (3)10

New SKUs
(1)14, (2)16, (3)14, (4)16, (5)16, (6)16, (7)18, (8)18, (9) 18, (10)14, (11)14, (12)14

Nutraceuticals
(also see Nutraceuticals column)
getting specific with functional beverages (12)24
overcoming challenges in functional beverages (3)20
2008 healthful foods directory (12)46

Nutraceuticals column
energy boosters (4)69
facets of aging (12)79
fruits pack a punch (8)75
healthful foods stand at forefront (6)97
healthful highlights (9)95
healthy snackfest (1)49
heart-healthy approach (5)61
immunity shots (10)67
ingredients for good digestion (7)83
revisiting omega-3s (3)57
targeting diabetes (2)59
weighty ingredients (11)59

Nutrigenomics
moving forward with nutrigenomics (8)50

Nutrition
breakfast foods and satiety (2)24
maximizing the nutritional value of fruits and vegetables (4)40

Organic
changing face of organic consumers (11)22
navigating the processed meats labeling maze (11)28

Packaging
(also see Packaging column)
food packaging and its environmental impact (4)46
helping consumers eat less (5)34

Packaging column
best of the best: Pack Expo 2006 (1)61
capping it off (8)88
case studies on nanotechnologies for food packaging (7)102
case-ready packaging for red meat (3)70
flavor scalping in plastic packaging (4)82
importing good packaging (2)72
nanocomposite technology in food packaging (10)80
papers present food packaging innovations (6)137
stick (pack) it to them (5)72
sustainability and distribution packaging (12)92
what's new in packaging (9)113

Perspective column
choosing a new basis for nutrition labeling (1)84
Codex is vital in global harmonization (10)100
ethanol drives up food costs (3)124
FDA's new approach to food protection (12)116
food safety system needs restructuring (5)96
funding FDA: a call for action (9)148
future of personalized nutrition (2)96
let's praise, not criticize food packaging (11)92
ocean biodiversity and the future of seafood (4)100
salty red herring (8)108
taking a broader approach to process optimization (6)180
what needs to be done to improve food safety (7)132

President's Message column
championing research, innovation, and funding (11)9
enhancing food science communication (2)11
forum participants focus on future of IFT (5)11
IFT: a global citizen and partner (10)9
IFT and continuing education (1)11
IFT: influential advocate & trusted spokesorganization (12)9
IFT's strategic alliances (3)9
improve your 'foodsmarts' this summer (4)11
IUFoST offers opportunities (7)11
professional membership and IFT (6)11
reflections on the past year (8)9
roadmap to the future (9)11

Processing
(also see Processing column)
consortium researches novel processing methods (11)34
food scientist wins World Food Prize (7)59
more light on the dawn of canning (5)40
overcoming challenges in functional beverages (3)20
ultrasonic spectroscopy in lipid food systems (2)40

Processing column
applying seasonings and coatings (11)72
high-pressure effects on foods (5)69
lessons from chocolate processing (12)89
lessons in mixing (8)85
new formats and familiar topics (6)131
physical separations (1)58
pilot plants: worth the investment (2)69
progress in processing (9)108
thermal processing of solids (4)79
treating wastewater (10)78
ultrasonics in food processing (3)67
understanding drying (7)97

Product Development
breakfast foods and satiety (2)24
chefs and food scientists team up (9)54
flavor delivery and product development (1)22
great ideas from around the world (10)20
new thought for food (10)34

Science, Communication, & Government Relations column
Chambliss and Lincoln named Congressional Science Awardees (7)21
IFT comments on import safety (11)19
IFT testifies at FDA hearing on functional foods (1)19
2007 Farm Bill and its impact on food science (12)20

Scientific Status Summaries
food packaging and its environmental impact (4)46
IFT status summaries to be published in Spanish (7)109

Statement of Ownership
(11)77

State-of-the-Industry Report
supermarkets take a 'fresh' approach (3)28

Sustainability
(also see Packaging column)
food packaging and its environmental impact (4)46

Sweeteners
regulatory status of alternative sweeteners (5)24

Weight Management
breakfast foods and satiety (2)24
helping consumers eat less (5)34
regulatory status of alternative sweeteners (5)24

World Food Prize
food scientist wins World Food Prize (7)59
